million!

The Yorkshire Building Society Charitable Foundation's aim is to have one million Society members participating in the unique Small Change, Big Difference Scheme™.

This is a facility on your account that gives you the opportunity to donate to charity through the Foundation, where pence interest from mortgage and savings accounts is donated to the Foundation (never exceeding 99p per year, per account).

The Small Change, Big Difference Scheme™, together with a contribution from the Society, enables the Foundation to assist local good causes throughout the UK, the majority of which are nominated by members.
