# Introduction

Yorkshire Building Society (YBS) provides a range of savings accounts, insurance products, mortgages and related products and services throughout the UK.

Yorkshire Building Society decides what personal information we need to collect, why we need it, how we use it, where we may obtain further personal information from, who we share it with and how long we keep it. This makes us the data controller of your personal information for data protection purposes.

This booklet explains what personal information YBS and members of its Group collect about you and how we use it.

This booklet does not cover processes for our subsidiary company Accord Mortgages Limited. You can find out more about how Accord Mortgages Limited uses your personal information by visiting their website [www.accordmortgages.com](http://www.accordmortgages.com).

When we refer to 'We' 'Our' 'Us' and 'the Society' we mean Yorkshire Building Society and members of its Group trading as:

- Yorkshire Building Society (sometimes referred to as The Yorkshire, YBS)
- Chelsea Building Society (sometimes referred to as The Chelsea, CBS)
- Norwich and Peterborough Building Society (sometimes referred to as N&P).

- The law determines there is a substantial public interest but we will always consider and take appropriate measures to safeguard your rights and privacy before doing this.

# What do we do with your personal information?

Here we set out the ways we handle your personal information for specific products, Mortgages, Savings, Insurances, Share Schemes, Share Save and Share Incentive plans. We also explain how your information is used with credit reference agencies and fraud prevention agencies.

## Applying for a Mortgage - Approval in Principle:

We will check your details against our lending criteria, and may disclose information to a credit reference agency to obtain a credit search, and check details with fraud prevention agencies. This will leave a record of our check on your credit data and may have implications on your future creditworthiness. The record is sometimes known as a footprint.

The credit reference agency may disclose information to its other customers for assessing the risk of giving credit, to prevent fraud and to trace debtors.

## Taking out a Mortgage with us:

- When you take out a mortgage account we will use your information to:
  - Process your Approval in Principle
  - Process your mortgage application
  - Provide updates to guarantors where applicable
  - Make credit decisions about you
  - Arrange associated insurance
  - Complete your mortgage and administer your account up to and including redemption.
- If we use an automated system to make a decision about you, such as credit scoring, we will tell you if your application is rejected and give you the opportunity to discuss the matter with us. The decision can be reviewed to ensure an appropriate decision has been made
- We may disclose details of your account, including balance outstanding, interest rate(s) applicable, early repayment charges and monthly payments to potential borrowers and any existing guarantor if one of you in the future enquires about adding or removing a party to the account (also known as a "transfer of equity"). However such a transaction will not proceed without a completed application form signed by all account holders
- If you make a transfer of equity application, any borrower who is to be removed from the mortgage account will remain on that account until our legal advisor sends us written confirmation that the transfer of the mortgaged property has been legally completed. Until we receive confirmation that the transfer of equity has completed all existing borrowers will remain responsible and liable for maintaining the mortgage and keeping payments up to date with access to account details including payments made, payments due, additional lending and progress of the application
- We may disclose guarantor details and payments to account holders or their representatives, when a guarantor exists.
- Where the mortgage applied for is an offset mortgage, we may disclose information to the offset mortgage account holder(s), any transferee(s) should the mortgage be subject to transfer of equity (i.e. change of account holders on the mortgage) and any guarantor(s). Disclosure will be limited to information necessary to manage the mortgage account. This may include the savings account balance, significant withdrawals, account closure, notification that total savings exceed the mortgage balance or that total savings are insufficient to support the payment due and a request to de-link the Offset Plus savings account

- If the account is registered as Open Market HomeBuy we may disclose details of the valuation at redemption to your HomeBuy Agent
- We may contact the HM Revenue & Customs, Department For Work & Pensions, any lender, landlord, employer or professional adviser named on your application form, to obtain information, to confirm any income received and payments made.

### **Taking out a Savings Product with us:**

- When you take out a savings account we will use your information to:
  - Process your application
  - Administer your account up until and including closure.
- Where the savings account is an Offset Plus, we may disclose information with:
  - The current and any future Offset Mortgage account holder(s) if these change (e.g. transfer of equity)
  - The guarantor to the mortgage.

Information shared will be limited to that necessary to manage the mortgage account. This may include details of:

- Significant withdrawals
- Account closure
- Notification that savings exceed the mortgage balance or savings are insufficient to support the mortgage payment due
- Any request to unlink the Offset Plus savings account.
- If a payment to a Child Trust Fund account would result in the annual limit for additional contributions being exceeded we may inform the person making the payment of the available allowance for that account year.

### **Taking out an Insurance Product with us:**

If you take out Home, Payment Protection or other insurance we and/or your insurer may:

- Disclose information you have supplied and details of your policy and claim with:
  - Each other
  - A data administration company
  - Licensed credit reference agencies
  - Relevant insurance companies and
  - Fraud prevention bodies.
- This information will be made available to other prospective lenders and insurers. We and/or your insurer may contact your medical professional representative with your consent to obtain information or confirm a pre-existing medical condition you have informed us of but we will always explain why we need the information, how it will be used and who it will be shared with.

Insurers pass information to the Claims and Underwriting Exchange Register, run by Insurance Database Services Limited (IDS) and for Motor Insurance to the Motor Insurance Anti-Fraud and Theft Register run by the Association of British Insurers (ABI). The aim is to help us check information provided and also to prevent fraudulent claims. When we deal with your request we may search the registers.

When you tell us about an incident (such as fire, water damage or theft) which may or may not give rise to a claim, we will pass the information relating to it to the relevant register.

IDS may also pass on information received from other insurers about other incidents involving anyone insured under the policy.

### **Taking out an Employee Share Scheme:**

- YBS Share Plans administers share schemes on behalf of corporate clients for the benefit of their employees. These relationships are controlled by contractual arrangements that protect the confidentiality and security of your personal information. Disclosures of your personal information will only be made with your consent or if there is a legal requirement for us to do so
- We will only send you details of products, services and offers with your consent and where our contract with your employer allows this. However, you can withdraw your consent at any time
- For all Share Plans products we may share personal information with your employer or their agent in order to administer the scheme and manage your application/product.

## Joining your employer's Sharesave:

- If you join your employer's Sharesave scheme we will open a savings account. How your personal information is used for a savings account is explained in this booklet
- We will use your personal information for the purposes of inviting you to join, opening and administering your Sharesave account, acting on behalf of your employer as administrator of the scheme and for marketing and market research, we will only market to you where we have prior consent for you and your employer.

## Share Incentive Plan (SIP)

- Yorkshire Building Society act as Trustees and Administrator of the SIP for your employer (the Company). By taking a SIP you agree that, the Company, the Trustees, the Administrator and any other person as necessary engaged by them may share any information relating to you and your participation in the SIP which they believe is necessary to discharge their respective duties and functions in relation to the operation of the SIP and to enable your employer to comply with the requirements of PAYE and NICs.

## Discretionary Share Plans

- YBS Share Plans act as an Administrator for the discretionary share plans for your employer (the Company). The Company, the Trustees, the Administrator and any other person as necessary engaged by them may share any information relating to you and your participation in the executive share plan(s) which they believe is necessary to discharge their respective duties and functions in relation to the operation of the executive share plan(s) and to enable your employer to comply with any regulatory requirements.

## Business Relationships

If you have a business relationship with us as an introducer or intermediary or are party to a mortgage application in any professional capacity we will record your details on our systems and use them as necessary to manage the service and pay commission if appropriate.

# Credit Reference Agencies

In order to process your application, we will perform credit and identity checks on you with one or more Credit Reference Agencies ("CRAs"). Where you take banking services from us we may also make periodic searches with CRAs to manage your account with us.

We will supply your personal information to CRAs and they will give us information about you. This will include information from your credit application and about your financial situation and financial history. CRAs will supply to us both public (including the electoral register) and shared credit, financial situation and financial history information and fraud prevention information.

## For all product and services we will use this information to:

- Verify the accuracy of the data you have provided to us
- Prevent criminal activity, fraud and money laundering
- Manage your account(s)
- Trace and recover debts
- Ensure any offers provided to you are appropriate to your circumstances.

## For Mortgage Products:

- Assess your creditworthiness and affordability
- Routinely carry out an additional credit search for account management purposes but this will not affect your future creditworthiness. This will not leave a hard footprint on your records
- Carry out a credit reference search with one or more licensed Credit Reference Agencies (CRA). This may have implications on your future creditworthiness
- Whether or not your application is successful, each CRA will add details of the search, and your application, to their records and will share this information with other lenders and grantors of credit and insurance who will use it when assessing any applications for banking, loan, hire facilities or insurance which you may make in future. They will use it for verifying identity, fraud prevention, debt recovery and tracing debtors. The CRA may also use the information for statistical analysis and market research.

We may, where necessary, pass your details to third party organisations so they can provide a quote or administer a claim for you. We will only do so under a contract that protects the security of your information.

We will continue to exchange information about you with CRAs while you have a relationship with us. We will also inform the CRAs about your settled accounts. If you borrow and do not repay in full and on time, CRAs will record the outstanding debt. This information may be supplied to other organisations by CRAs.

When CRAs receive a search from us they will place a search footprint on your credit file that may be seen by other lenders.

If you are making a joint application, or tell us that you have a spouse or financial associate, we will link your records together, so you should make sure you discuss this with them, and share with them this information, before lodging the application. CRAs will also link your records together and these links will remain on your and their files until such time as you or your partner successfully files for a disassociation with the CRAs to break that link.

The identities of the CRAs, their role also as fraud prevention agencies, the data they hold, the ways in which they use and share personal information, data retention periods and your data protection rights with the CRAs are explained in more detail in any of the three CRAs websites listed below.

We may disclose information you have supplied, and details of how you conduct your account (including arrears, defaults and repossession proceedings), to credit reference agencies and fraud prevention bodies.

## Fraud Prevention

Before we provide products or services to you, we undertake checks for the purposes of preventing fraud and money laundering, and to verify your identity. These checks require us to process personal information about you.

The personal information you have provided, we have collected from you, or we have received from third parties will be used to prevent fraud and money laundering, and to verify your identity.

Details of the personal information that will be processed, for example: name, address, date of birth, address, contact details, financial information, employment details, device identifiers including IP address and vehicle details.

We and fraud prevention agencies may also enable law enforcement agencies to access and use your personal information to detect, investigate and prevent crime.

We process your personal information on the basis that we have a legitimate interest in preventing fraud and money laundering, and to verify identity, in order to protect our business and to comply with laws that apply to us. Such processing is also a contractual requirement of the services or financing you have requested.

Fraud prevention agencies can hold your personal information for different periods of time, and if you are considered to pose a fraud or money laundering risk, your data can be held for up to six years.

As part of the processing of your personal information, decisions may be made by automated means. This means we may automatically decide that you pose a fraud or money laundering risk or if our processing reveals your behaviour to be consistent with that of known fraudsters or money launderers, or is inconsistent with your previous submissions, or you appear to have deliberately hidden your true identity.

You have rights in relation to automated decision making. You can find out more in 'Your Rights and Data Protection' booklet which can be found online at [www.YBS.co.uk](http://www.YBS.co.uk), from any branch or agency or by calling 0345 1200 100.

If we, or a fraud prevention agency, determine that you pose a fraud or money laundering risk, we may refuse to provide the services and financing you have requested and we may stop providing existing services to you.

A record of any fraud or money laundering risk will be retained by the fraud prevention agencies, and may result in others refusing to provide services, financing or employment to you.

Whenever fraud prevention agencies transfer your personal information outside of the European Economic Area, they impose contractual obligations on the recipients of that data to protect your personal data to the standard required in the European Economic Area. They may also require the recipient to subscribe to 'international frameworks' intended to enable secure data sharing.

Please write to Group Risk Department, Yorkshire Building Society, Yorkshire Drive, Bradford BD5 8LJ if you want to receive further details of the relevant fraud prevention agencies.
